Sterling Computers - via Assisted Acquisition by GSA CAS	10/19/2026	MISSION ESSENTIAL: ETD is looking to refresh certain IT equipment, specifically our Dell laptops, Dell Micro Form Factor (MFF) clients, and our Cisco firewall appliances. The MFF clients and laptops are approaching the end of manufacturer support, which means they will soon stop receiving critical updates and warranty coverage. Similarly, our existing Cisco firewall platform is going end of sale, and end of service will follow shortly after. Continuing to rely on hardware that is no longer supported creates operational, security, and compliance risks.,Upgrading to current Dell endpoint hardware and next generation Cisco Firepower appliances ensures we maintain a secure, stable, and supportable environment. Professional installation services are required to properly migrate firewall policies and minimize downtime. This refresh is essential to sustain reliable operations, maintain vendor supportability, and protect the organization against emerging cybersecurity threats.	$314,904.20	Approved by Ty Cooper on 10/19/2026 04:29:47 PM
