# SUMMIT

## ON ELECTION READINESS

**YOU** are invited to attend OGE’s 2024 Summit on Election Readiness. Each month in 2024, OGE will host offerings (virtual and in-person) to build knowledge and skills ethics officials need to successfully navigate the periods prior to and after a Presidential election. All the content you would receive over a week-long event will be delivered throughout the year closer to the time that you’re likely to need to apply it.

Additionally, we will offer opportunities to exchange program practices and build your professional network. Many of these Election Readiness offerings will be available for Professional Ethics Practitioner (PEP) credit and you will be able to earn a PEP certificate in 2024.
