

UNITED STATES OFFICE OF
GOVERNMENT ETHICS

August 18, 2015

Charles A. Beamon
Associate General Counsel and
Designated Agency Ethics Official
Federal Energy Regulatory Commission
888 First Street, NE
Washington, DC 20426

Dear Mr. Beamon:

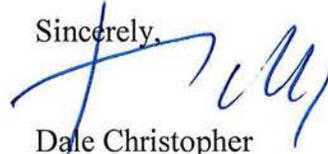

As a result of its onsite inspection of the Federal Energy Regulatory Commission (FERC) ethics program, the United States Office of Government Ethics (OGE) issued two recommendations in its March 2015 inspection report. In August 2015, OGE conducted a follow-up to assess the implementation of the recommendations.

	Recommendation	Agency Action	Status
1	Certify public financial disclosure reports timely.	FERC has put in place measures to expedite remedial action and any required follow-up with agency financial disclosure report filers. During its follow-up, OGE verified that all public financial disclosure reports filed subsequent to OGE's inspection had been timely certified.	Closed
2	Ensure new entrant confidential financial disclosure reports are filed timely.	In coordination with its Human Resources office, FERC has put in place measures to expeditiously identify new hires or promotions to positions requiring the filing of a confidential financial disclosure report. OGE verified that all of FERC's new entrant confidential financial disclosure reports required to be filed subsequent to OGE's inspection were filed, reviewed and certified in a timely manner.	Closed

Report No. 15-51IF

Thank you for your assistance during the follow-up process. We encourage you to contact your OGE Desk Officer for any future ethics program support.

Sincerely,

A handwritten signature in blue ink, appearing to read "Dale Christopher". The signature is stylized with a large initial "D" and a long horizontal stroke.

Dale Christopher
